THE LOGAN BERRY

RASPBERRY-BLACKBERRY—A seedling from the Aughinbaugh Blackberry, a wild variety, pistillate of California, crossed or fertilized by pollen of the Red Antwerp Raspberry. The plants are unlike either the Raspberry or Blackberry, and are of low growing habit, more like the Dewberry, with large, strong canes, or vines; without thorns, having very soft spines like those found on Raspberry plants; leaves of dark green color, coarse and thick, more like those of the Raspberry than Blackberry. The fruit is as large as the largest size Blackberry, is of the same shape, with globules similar to that fruit. Color when fully ripe, a dark rich red. It partakes of both the flavors of the Raspberry and Blackberry, being a combination of the two mixed, a very pleasant, mild, vinous flavor, delightful to the taste, and not found in any other fruit, being peculiar to this alone. Price, 10c each; 10 for 50c; 100 for $4.00.

AUTUMN CATALOGUE *of*

BULBS, SEEDS AND PLANTS

IMPORTED DUTCH HYACINTHS

The Hyacinth is one of the most beautiful and fragrant of the Bulbous Flowers, and is particularly desirable for either garden, pot, or glass culture. The preferable season for planting Hyacinths in the garden is in October and November; but they can be set out at any time, as long as the ground is open and the bulbs sound. They will grow in almost any light, sandy soil; but when the highest cultivation is aimed at, they should be planted in a mixture composed of one-third river or sea sand, one-third well-rotted cow manure, and one-third good garden mold. The beds composed of the above compost should be well dug. Bulbs should be planted about four inches deep, and from six to eight inches apart.

DIRECTIONS.—For the culture of Hyacinths in pots prepare the above compost. On the size of the pot depends the number of bulbs which may be planted in a single one; three or four bulbs in a pot of six or seven inches in diameter has a rich and massive effect; one or two bulbs may be planted in proportionately smaller pots; two bulbs of different colors are very effective and generally preferred. In potting, each bulb should remain two-thirds above the surface of the soil; when thus planted, water them well to imbed the bulbs firmly within the soil, allowing them to remain in this condition for three or four days; then bury the pots in open ground to the depth of six inches, for six weeks. After the period adverted to, take up the pots and remove them to a moderately warm room, care being taken to screen the leaf growth for a few days after being disembedded. They will need occasional watering.

For culture in glasses, the bulbs should be so placed that only the base of each touches the water; then place them for the first ten days in a dark closet or room, to promote the starting of the roots, after which expose them to the light and air. A small piece of charcoal dropped into the glass will keep the water pure, but the loss of water by evaporation should be restored from time to time.

Hyacinths.

LA FRANCHISE—Waxy white; large truss	1.25
***LA TOUR d'AUVERNE**—Pure white; early	1.25
***LORD WELLINGTON**—Light blue, dark center	1.25
NORMA—Delicate waxy pink	1.25
MARIE—Deep blue	1.25
ROBERT STEIGER—Fine crimson	1.25

If ordered by mail, add 20c per doz. for postage.

EARLY FLOWERING FRENCH ROMAN HYACINTHS

This beautiful and very valuable variety, if planted in October and gently forced, will bloom in December, or flowering may be retarded until Christmas by keeping in cool place. The flowers, which are smaller than those of the ordinary hyacinth, are produced in great profusion, each bulb throwing up three or four spikes of delicately scented, clear white blossoms, highly recommended for parlor decoration.

EXTRA SELECTED BULBS, 5c each; 60c per doz.; $4.50 per 100.

Extra Selected Bulbs
5 cents Each

Dozen . . . . . 60 cents
Per 100 . . . . . $4.50

TULIPS

For beauty of form and brilliancy of coloring, Tulips are unequalled. For bedding they are the most popular and effective of all hardy bulbous plants. The most gorgeous effects can be produced by harmonious massing of contrasting colors. For pot culture and forcing for winter cut-flowers they are also invaluable.

CULTURE. The cultural directions given for Hyacinths on page 1 are equally applicable to Tulips, except that the bulbs, being smaller, must not be planted quite so deep.

TULIPS

Double Early Flowering.

	Per Doz.	Per 100
ALBA MAXIMA — Pure white; early	$ .40	
LA CANDEUR—Pure white	.35	
TOURNESOL — Red, yellow-bordered; very early	.40	
YELLOW ROSE—Golden yellow	.35	
REX RUBRORUM—Scarlet	.35	
DUKE OF YORK—Red, white bordered	.30	
FINE MIXTURE OF ALL COLORS	.20	1.25

If ordered by mail, add 6c per doz. for postage.

Single Early Flowering.

	Per Doz.	Per 100
ARTUS—Bright scarlet	$ .30	
BRUTUS—Deep red	.30	
CANARY BIRD—Rich golden yellow	.40	
CHRYSOLORA — Golden yellow fine large flower	.35	
COTTAGE MAID—White, bordered pink	.40	
DUC VAN THOLL—Carmine	.30	
DUC VAN THOLL—All colors mixed	.25

If ordered by mail, add 6c per doz. for postage.

Gesneriana Tulip.

GESNERIANA SPATHULATA—The true Gesneriana, beautiful dazzling scarlet, with deep bluish violet center, extra large flower, 40c per dozen; $2.50 per 100.

PARROT TULIPS

Very singular and striking flowers of large size and brilliant colors, forming very effective groups for flower beds. Finest mixed colors, 30c per dozen; $2.00 per 100.

BIZAARE TULIPS

This group differs from the early flowering Tulips by their taller growth and later bloom. Mixed yellow ground, 25c per dozen; $1.50 per 100.

TULIPA GREIGI

An exceptionally handsome and distinct early flowering species. The beautifully formed flowers are of large size and of a gorgeous orange-scarlet color, so brilliant as to at once attract the attention even when planted among other scarlet Tulips. The plant is quite ornamental on account of its broad spotted foliage. 20 cts. each; $2.00 per doz.

DARWIN TULIPS

These belong to the class of single late-flowering Tulips, being in fact modern forms of **Gesneriana.** They grow very tall, with large flowers of fine form. Being borne on very long stems, they are excellent for cutting to put in vases for house decorations. They are all single, self-colored, and surpass all others in brilliancy and variety of coloring. They are also most effective for bedding.

MIXED COLORS .50 cts per doz; $3.00 per 100

CYCLAMEN

These are among the most beautiful and interesting winter and spring flowering bulbs for the window. Not only are the flowers of striking beauty, but the foliage is also highly ornamental. There are no plants better adapted for pot culture and few that produce such a profusion of bloom; the flowers range through many shades, pink, crimson, white, some being beautifully spotted; delicately fragrant.

	Each.	Per Doz.
GIANT FLOWERED MIXED	$0.15	$1.50

CROCUS

One of the earliest spring flowers, and too well known to require any special description. Excellent for pots or borders.

	Per Doz.	Per 100
BARON BRUNOW—Fine deep blue	$0.10	$1.00
LA MAJESTUEUSE—Fine violet striped	.10	1.00
MONT BLANC—Finest of all whites	.10	1.00
MAMMOTH YELLOW — Golden yellow	.10	1.00
SIR WALTER SCOTT—Variegated.	.10	1.00
OTHELLO—Dark purple	.10	1.00
QUEEN VICTORIA—Pure white	.10	1.00
MIXED—All colors	.10	.50

If ordered by mail, add 25c per 100 for postage.

ANEMONES

Very handsome spring flowering plants, with double and single flowers of bright and beautiful colors; they succeed best outside when protected from frost; a rich, sandy loam with good drainage is necessary. Roots should be planted three inches deep and five or six inches apart.

	Per Doz.	Per 100
SINGLE SCARLET	$0.25	$1.50
SINGLE BLUE	.25	1.50
SINGLE WHITE	.25	1.50
SINGLE ALL COLORS MIXED	.20	1.00
SINGLE FULGENS, brilliant crimson with black center, early	.35	
DOUBLE SCARLET	.35	2.50
DOUBLE BLUE	.35	2.50
DOUBLE ALL COLORS MIXED	.25	1.50
THE BRIDE—Pure white	.25	1.50

If ordered by mail, add 20c per 100 for postage.

BEGONIAS

Tuberous Rooted.

The wonderful beauty of this class of Begonias, and its adaptability to almost all situations, has made it a general favorite for both pot culture and summer garden decoration. They are now being used by thousands for bedding purposes.

	Each	Per Doz.
SINGLE VARIETIES—White, scarlet, rose, yellow, dark blood red, and orange mixed	$0.15	$1.50
DOUBLE VARIETIES—Red, white, rose, and yellow mixed	.30	2.00

LILY OF THE VALLEY

Lily of the Valley.

The most beautiful and deliciously fragrant Spring flowering plant. It is neat and chaste in its growth and possesses every quality to render it a universal favorite; makes a fine pot plant.

SINGLE WHITE — First quality; strong clumps for forcing or planting in open ground; each 40c. Not mailable.

NARCISSUS or DAFFODILS

Sir Watkin Narcissus.

SINGLE FLOWERED.

ALBICANS — Primrose trumpet, white perianth. Per doz., 75c.

ARD RIGH — (Irish King) — Magnificent golden yellow trumpet; very large and graceful. One of the earliest. Per doz., $1.00.

CYNOSURE—Yellow and white, cup scarlet. Per doz., 40c.

EMPEROR—Flowers of great size and substance, primrose petals, yellow trumpet. Per doz., $1.00.

EMPRESS—Trumpet yellow, perianth snow-white. Per doz., $1.00.

GOLDEN SPUR—Large, deep yellow perianth, trumpet golden yellow. Early and extremely free flowering. $1.00.

HENRY IRVING—Large, golden yellow. Per doz., $1.00.

MAXIMUS—Deep golden yellow; early. Per doz., 75c.

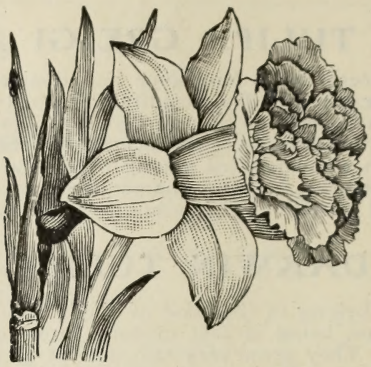
POETICUS—(Pheasant's Eye)—Pure white, orange cup, edged with crimson. 15c per doz.; $1.00 per 100.

PRINCEPS — Sulphur-yellow perianth and deep-yellow trumpet. Splendid variety for forcing or outdoor culture. 35c per doz.; $2.00 per 100.

SIR WATKIN—Large petals of a rich sulphur yellow, cup yellow tinted with orange. Per doz., $1.00.

TRUMPET MAJOR — Deep golden yellow. The standard single yellow forcing daffodil. 40c per doz.; $2 per 100.

If ordered by mail, add 15c per dozen for postage.



Double Narcissus (Van Sion).

DOUBLE FLOWERED NARCISSUS

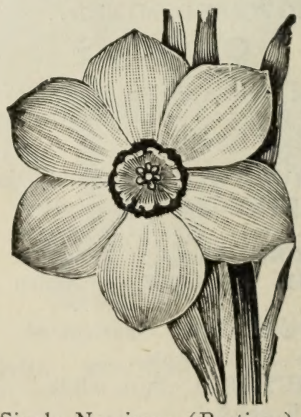
ALBA PLENA ODORATA — (The Poet's Double White Daffodil)—Flowers of good size and very fragrant. Per doz., 25c.; per 100, $1.50.

INCOMPARABILIS—(Butter and Eggs)—Pale yellow and orange, large fragrant flower, early bloomer, 30c per doz.

ORANGE PHOENIX—(Eggs and Bacon)—Beautiful white flowers, with orange nectary. 40c per doz.

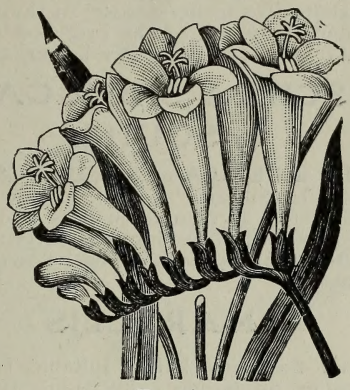
SULPHUR PHOENIX—Cream-white, with pale sulphur center. Per doz., 75c.

VON SION—The popular double yellow Daffodil, rich golden yellow. Per doz., 40c.; per 100, $2.50.



Single Narcissus (Poeticus).

FREESIA



Freesia.

This charming flower has become a favorite plant for parlor culture, and the ready facility with which it can be forced into bloom makes it highly prized by both amateur and florist. The flowers are deliciously fragrant and are borne profusely. The bulbs should be potted in good soil of a sandy texture.

	Per Doz.	Per 100
REFRACTA ALBA — Pure white, blotched with yellow on the lower petals	$0.10	$0.75

JONQUILS

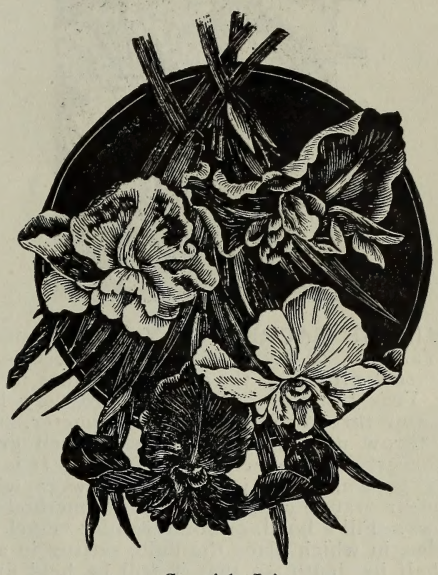
Much prized for their charming golden and deliciously sweet-scented flowers, perfectly hardy and flowering very early in the spring, also admirably adapted for winter flowering in the house; three to six bulbs in a four or five-inch pot.

	Per Doz.
SINGLE—Sweet-scented; yellow	$ .20
DOUBLE—Sweet-scented; yellow	.35
CAMPERNELLE—Large, single; yellow	.20

Caladium Esculentum (Elephant's ears).

CALADIUM ESCULENTUM — (Elephant's Ears)—Immense leaves of a fine rich green; very showy. Each, 10c.; per doz., 75c.

SPANISH IRIS



Spanish Iris.

The earliest bloomer of all the Irises, and particularly recommended for culture in pots or in the open ground. For outdoor culture, the best effect is obtained by planting in beds or groups of 50 to 100 or more bulbs. The larger the number the finer the effect. The bulbs should be planted two to three inches deep and six inches apart, as early in the autumn as obtainable. For pot culture, use five or six bulbs to a five-inch pot, and treat the same way as Hyacinth.

The following-named varieties are the latest introductions and those best suited for commercial or amateur planting:

	Per Doz.	Per 100
BELLE CHINOISE — Rich golden yellow	$ .15	$1.00
BLANCHE SUPERBE—Extra fine pure white, the finest of the white varieties	.15	1.00
BRITISH QUEEN—Pure white	.15	1.00
CHRYSOLORA — Extra fine, pure yellow, the best yellow Spanish Iris in cultivation	.15	1.00
FORMOSA—Deep blue	.15	1.00
HUMBOLDT—Lilac blue	.15	1.25
THUNDERBOLT — Dark violet-bronze	.15	1.25
PRINCE OF ORANGE — Yellow with bronze spots	.10	1.00
MIXED—All colors	.10	.50
" —White, varieties	.10	.75
" —Blue, "	.10	.75
" —Yellow "	.10	.75

CHINESE SACRED LILY

CHINESE SACRED LILY—This variety is the Tazzetta, or bunch flowering Narcissus, and is the sort grown by the Chinese for use in their New Year festivals. The bulbs are very large, averaging three to four inches in diameter, and as they throw up several stems when well grown, the flowers are produced in profusion. It is very easily grown, bears pure white flowers with a lemon or orange cup. The Chinese method is as follows: Fill a bowl, or some similar vessel, with pebbles, in which place the bulb, setting in about one-half its depth, so that it will be held firmly, then fill with water to the top of the pebbles and place in a warm, sunny window. Each, 15c.; per doz., $1.25.

RANUNCULUS

	Per Doz.	Per 100
DOUBLE PERSIAN—Finest mixed.	$0.25	$1.25
DOUBLE TURBAN—Finest mixed.	.25	1.25
DOUBLE FRENCH—Finest mixed.	.25	1.25

SNOW DROPS

	Per Doz.
SINGLE—White	$0.20
DOUBLE—White	.30

IXIAS

The Ixia is a beautiful little winter flowering bulb, with low, slender, graceful spikes of bloom. The colors are rich, varied and beautiful, the center always differing in color from the other parts of the flower, so that the blossoms, expanding in the sun's rays, present a picture of gorgeous beauty. They present almost every known color, three or four different hues appearing in almost every flower.

SPLENDID MIXED—Per doz., 20c.; per 100, $1.00.

SNOWFLAKE

A beautiful early-blooming plant, resembling the Snowdrop, but of taller growth; flowers pure white, with a green spot on each of the petals.

LEUCOJUM AESTIVUM — Summer-flowering. Each, 5c; per doz., 50c.

LEUCOJUM VERNUM — Spring-flowering. Each, 5c; per doz., 40c.

SPARAXIS

SPARAXIS—Exceedingly large and beautiful; blooms about two inches across; of the most telling combinations and of the brightest shades of color. All colors mixed. Per dozen, 15c.

SCILLA SIBERICA or SQUILL

SCILLA SIBERICA or SQUILL—(Star Hyacinth)—Scilla Siberica is one of the loveliest spring flowers. If planted in pots and kept indoors it may be had in bloom as early as Christmas. Beautiful, porcelain-blue flowers. Per dozen, 20c.

AMARYLLIS

Splendid flowering bulbs, suitable for greenhouse, room, or garden cultivation. For indoor use they should be grown in pots, well-drained, in a soil of equal parts of peat, leaf-mold and loam. After flowering, the bulbs must be ripened off by discontinuing water as the foliage shows signs of dying. When at rest, store away in a dry, cool place, leaving the bulbs in the pots.

BELLADONNA MAJOR (Belladonna Lily)—Beautiful silvery white, turning to soft rose as the flower ages. 15 cts. each; $1.50 per doz.

TUBEROSES

A beautiful, white, wax-like, very sweet-scented double flower, growing on long stems, 2 to 2½ feet in height, each stem having many flowers. This is one of the most highly prized of florists' flowers. By planting as soon as the soil is warm, and at intervals thereafter, a succession of blooms may be had throughout the season. They may be as successfully grown in pots as in the garden. The real worth of this flower is becoming, on this Coast, better known from year to year, and the demand for it is largely on the increase. The original bulb will not flower the second time, but the small bulbs or offsets may be saved in a dry, warm place and planted again for future flowering. It will take two or three years' culture to produce flowering bulbs.

Tuberose.

EXCELSIOR PEARL — First size, 5c each; per dozen, 50c.

If ordered by mail, add 25c per doz. for postage.

GLADIOLUS

GLADIOLUS—("The Bride")—Pure White. The earliest forcing variety, largely cultivated for decorative purposes. The bulbs are perfectly hardy and if planted early in the winter will produce profitable crops of bloom in the early summer. Per dozen, 20c; per 100, $1.00.

LILIUM AURATUM (Golden Banded Lily of Japan) — ¼ Natural Size.
Reproduced from a Photograph by Trumbull & Beebe.

LILY BULBS

Few flowers require less care in their culture and give more pleasure to the grower and all lovers of flowers than lilies. In most parts of our Coast the bulbs may remain in the ground undisturbed for several years, the bulbs increasing in size and number, and the flowers giving a corresponding increase. The soil should be of a light vegetable loam in quality, and well drained.

ALBUM—A large, splendid lily; flowers pure, clear white, with delicate pea green stripes. First size bulbs, 10c each; $1.00 per dozen.

AURATUM—The Golden Rayed Lily of Japan. This magnificent variety has become one of the standard favorites of the flower garden, and is considered by many the finest of all lilies, their immense blooms measuring nearly a foot in width when fully expanded. The flowers are produced in great profusion, and are deliciously fragrant. First size bulbs, 10c each; $1.00 per dozen.

LONGIFLORUM—This beautiful variety is widely used for forcing for the Easter holidays. It is quite hardy and makes a beautiful display when planted in clumps in the open ground, blooming in June and July. Flowers snow-white, trumpet-shaped and very fragrant. First size bulbs, 10c each; $1.00 per dozen.

LONGIFLORUM MULTIFLORUM — The early flowering narrow-leaved Lilium Longiflorum, now offered as a selection from the ordinary variety, is a very free-blooming sort that under favorable conditions blooms about ten days earlier than the ordinary variety. 15c each; $1.25 per dozen.

LILIUM WASHINGTONIANUM—One of the most beautiful of California lilies; flowers erect, pure white, with bright scarlet spots; they are produced in great numbers, and are very fragrant; plant one foot deep in well-drained soil. 25c each; $2.50 per dozen.

TIGRINUM—(Single Tiger Lily)—Orange salmon; spotted black. 10c each; $1.00 per dozen.

TIGRINUM, Fl. Pl.—(Double Tiger Lily)—Bright orange scarlet, with dark spots; a strong-growing, showy variety, and entirely hardy. Succeeds well everywhere. 15c each; $1.50 per dozen.

CANDIDUM (St. Joseph Lily)—The well-known white garden lily. First size bulbs, 15c each; $1.25 per dozen.

RUBRUM—One of the best of the lily family; flowers white, suffused with deep pink, spotted with crimson, fragrant. Large bulbs, 15c each; $1.25 per dozen.

Why not send a few of these CALIFORNIA BULBS to your Eastern Friends.

CALLA LILIES

WHITE CALLA — (Richardia Aethiopica) — The White Calla or Lily of the Nile is a well known plant of easy culture, and in winter is one of the best window plants. To aid profuse blooming, keep them dormant from the middle of June to the last of August, repot in good rich soil, using a 4-inch to 6-inch pot, give water, light and heat in abundance, and the result will be satisfactory.

DRY BULBS—Per dozen.....$0.75
If ordered by mail, add 20 cents per dozen for postage.

CALLA, BLACK—Immense blackish purple flowers, similar to a Calla.....$1.00

CALLA, SPOTTED LEAF—Dark green leaves, spotted with white..... 1.00

White Calla.

CALOCHORTUS

Calochortus

BUTTERFLY TULIPS—To this lovely group of calochorti is properly applied the Spanish name Mariposa (butterfly) for their brilliantly-colored flowers with eye-like spots on each petal and sepal, and other delicate markings with dots, lines and hairs are strongly suggestive of the wings of a brilliantly-colored butterfly.

The culture of these bulbs is the easiest matter possible. They only need loose loamy soil and perfect drainage. Plant 1 to 2 inches deep, and will thrive 2 inches apart. When the bulbs are planted it will be found that if covered with a light sprinkling of sharp sand much weeding will be saved. It is better to plant where they will be shaded a part of the day.

VENUSTUS EL DORADO—This lovely strain of calochorti is of tall growth, one to three feet in height. The colors are unsurpassed. In the same locality it varies from white, through lilac, deep purple, to rich red, pink and salmon. All are marked with a showy eye, colored brown and yellow, and beautifully dotted and lined. In splendid mixture. Per doz., 35c; per 100, $2.00.

MIXED—All sorts, per doz., 15c; per 100,$1.00.

California Sweet Peas

SOW NOW

The Following Varieties 5 cents per Packet, 10 cents per Ounce, 50 cents per Pound.

These are universal favorites, and may be truly ranked among the most desirable annuals that enrich the flower garden. In addition to their beauty and ornamental appearance, they possess a rich and delightful fragrance, and are very valuable as cut flowers for bouquets, vases, etc.

Culture.—Sweet Peas need as near as possible a free clay loam, moderately rich and freely cultivated. Plant the seeds not less than two inches deep, and, as the plants become established, bank the soil against them, repeating this two or three times throughout the season. **Don't** gather the blooms **grudgingly.** The more you cut the longer the vine will continue to flower.

WHITE

BLANCHE BURPEE—A splendid pure white variety producing three or four large flowers on slender, strong stems.

EMILY HENDERSON—The earliest blooming pure white variety. Flowers medium to large.

PINK

PRIMA DONNA—A large, perfect flower of hooded form; color a lovely soft pink.

KATHERINE TRACY—Soft rosy pink, of good size and substance.

LOVELY—A charming shade of pink; wings of a deep rose; produces a high percentage of four flowers to the stem.

ROSE AND PINK

ROYAL ROSE—A beautiful, large, almost self-colored flower. Standard crimson pink, wings pink, shading lighter at edges.

BLANCHE FERRY, Extra Early—Standard carmine-pink; wings blush white, an early and profuse bloomer.

APPLE BLOSSOM—Medium size, hooded form, standard rosy pink; wings white, shaded with pink.

ORANGE PINK

LADY MARY CURRIE—Flowers of large size and fine form. Standard crimson orange, wings crimson tinted orange.

AURORA—Large flowers of expanded form. Color bright orange rose, striped and flaked on a white ground.

LADY PENZANCE—Medium size, orange pink standard, wings rose tinted orange.

BRIGHT ROSE AND CRIMSON

SALOPIAN—Large size, hooded form. Color, a pure crimson, tinted with orange-scarlet.

AMERICA—A crimson-scarlet, striped on white ground; of medium size

FIREFLY—A brilliant scarlet self-colored variety; stems three flowered, medium size flowers.

ROSE CARMINE

PRINCE OF WALES—A bright self-colored rose pink of intense color. Flowers of largest size, and the best of this color.

HER MAJESTY—Beautiful self-colored rose crimson; very vigorous and a profuse bloomer.

MRS. JOSEPH CHAMBERLAIN (striped)—Color, white ground, heavily striped and flaked with deep, clear rose. Very large size and free bloomer.

YELLOW OR PRIMROSE

MRS. ECKFORD—A large size flower of the best type. Color, light primrose yellow; excellent for cut flowers.

QUEEN VICTORIA—A light primrose yellow, slightly overlaid with faint purple, flowers of large size and hooded form.

LAVENDER

LADY GRISEL HAMILTON—A beautiful shining pale lavender of the most advanced giant-flowered type. This is the largest and lightest shade of the lavender varieties.

NEW COUNTESS—A selected strain of Countess of Radnor, of a pure, clear shade of lavender.

LOTTIE ECKFORD—White ground, lightly shaded with heliotrope, the edges of both standard and wings a clear, deep blue.

PURPLE MAUVE

DOROTHY TENNANT—A large hooded flower of fine form and color. One of the longest to continue in bloom, holding its color without deterioration. A self-colored rose purple.

CAPTIVATION—Light purple magenta, of good size; standard shell shaped, presenting an irregular or curled appearance. A distinct and effective shade.

MAROON AND VIOLET

SHAHZADA—Flowers of large size and open form; standard purplish maroon, wings dark violet; the best of the large flowering dark varieties.

NAVL BLUE—A rich and distinct shade. The flowers are of a rich violet purple, self-colored. The whole effect of the flower is of a dark navy blue.

CAPTAIN OF THE BLUES—A large flowering purplish blue variety, a highly desirable shade, very vigorous and a free bloomer.

OTHELLO—A deep-maroon self-color; flowers of large size; standard widely expanded and of fine hooded form.

STANLEY—Flowers of large size and fine open form; a self-colored velvety maroon.

CALIFORNIA GIANT FLOWERED MIXED

A careful selection of the most brilliant colors contained in the foregoing list, and intended to meet the wants of lovers of this popular flower, who may not desire to grow the individual sorts separately. No better quality can be had, and we are only able to sell at the price we do because of the large quantities we grow annually to meet the demands of our extensive trade.

The New Raspberry "Haymaker"

The Haymaker is a purple cap, not so dark as Columbian or Shaffer, and much larger and firmer than either of those varieties, never crumbles, and stands up well in shipping. Sample crates have been shipped to distant points with entire satisfaction. It is a berry to grow for either home use or market. Very popular as a *canning* berry.

Price 25c each, $2.00 per 10

...Fruit Trees...

ORDERS BOOKED NOW.

Special prices for varieties or quantities other than mentioned, will be made on application.

APPLES

Price, four to five feet, 25c each; $2.00 for 10.

ASTRACHAN, RED—Large, roundish; nearly covered with deep crimson, overspread with a thick bloom; very handsome; juicy, rich, acid; a good bearer; the best cooking summer apple. June and July.

BEN DAVIS—Large; striped, showy, and of good quality; productive, and a profitable market variety. November.

GRAVENSTEIN—Large, striped and beautiful; tender, juicy and high flavored; good for drying; very productive. August and September.

RHODE ISLAND GREENING—Has deservedly stood a long time at the head of its class. Very large, greenish yellow; abundant bearer; excellent for cooking and drying. October to December.

NEWTON PIPPIN (Yellow)—Large, firm, crisp, juicy, rich and highly flavored; a great favorite in California, and is more extensively planted than any other variety. December to April.

WHITE WINTER PEARMAIN—Large; pale yellow; extra high flavor. December to February.

YELLOW BELLFLOWER—A fine, large, yellow apple, crisp and juicy flesh, and slightly subacid flavor; in use all winter; very valuable. November to Februarv.

PEARS

Price, four to six feet, 25c each; $2.00 for 10.

BARTLETT—Large size; clear yellow skin; flesh fine grained, buttery, very juicy, with a high aromatic flavor. August.

BUERRE D'ANJOU—Large russety yellow, sometimes shaded with dull crimson; flesh whitish, buttery, melting, with a high, rich, vinous, excellent flavor. October to November.

EASTER BUERRE—Large, fine grained, very buttery, rich, sweet flavor. One of the best winter pears. December to March.

IDAHO—Large, nearly globular, obtusely ribbed; light, rich yellow, with numerous small dots; flesh fine grained, buttery, melting, good flavor and seedless; ripens a month later than the Bartlett; a good keeper.

P. BARRY—Large, deep yellow, nearly covered with a rich, golden russet; flesh whitish, firm, juicy, melting, sweet, slightly vinous and rich; an early and prolific bearer. December to January.

WINTER NELLIS—Medium size; yellow, with gray russet; very juicy, and of the highest flavor; best winter pear, and valuable for market. November to January.

WINTER BARTLETT—In appearance it resembles the Bartlett. Fruit is large, perfectly smooth and covered with brown dots; flesh is tender, juicy and melting; flavor similar to the Winter Nellis, and ripens about a month later. A most valuable late variety.

PLUMS

Price, four to six feet, 25c each; $2.00 for 10.

BURBANK—Large, almost globular; rich cherry red, slightly mottled and dotted with yellow; flesh deep yellow, juicy, sweet and agreeable flavor; pit very small; July.

COLUMBIA—Very large; round; brownish purple; very rich and sugary; parts freely from the stone.

CLYMAN—Large mottled, reddish purple with beautiful blue; free stone; flesh firm, dry and sweet; valuable for shipping on account of its extreme early ripening.

DAMSON—Fruit small oval; dark purple covered with blue bloom; flesh melting and juicy; rather tart; ripens in September.

GREEN GAGE—Small, round; greenish yellow, with brown dots; exceedingly melting and juicy; flavor sprightly and very luscious. Early August.

JEFFERSON—Large, oval; golden yellow, with reddish cheek; very rich, juicy, luscious and highly flavored; parts from the stone. August.

KELSEY JAPAN—Very large, heart-shaped; skin mixed yellow and purple color, covered with bloom; flesh yellow, very firm, and clings somewhat to the stone, which is very small and often partly surrounded by cavity; good when fully ripe. September.

SATSUMA—Large, round; deep crimson to the pit; flesh very firm; seed remarkably small. It makes a beautiful crimson, semi-transparent jelly, which has a peculiar guava-like spicy flavor, which all admire. Ripens five to six weeks earlier than the Kelsey.

WASHINGTON—A magnificent large plum, roundish; deep yellow, with a pale crimson blush; flesh yellow, firm, very sweet and luscious; separating from the stone.

WICKSON—Formed like the Kelsey, but more symmetrical; in ripening the color changes from a deep cherry red to a rich claret; flesh amber, very juicy; pit is small; the flavor is striking and agreeable.

FRUIT TREES Continued

CHERRIES

Price, three to five feet, 35c each; $3.00 for 10.

BIGARREAU NAPOLEON (Royal Ann)—A magnificent cherry of the largest size; pale yellow with bright red cheek; flesh very firm, juicy and sweet; one of the best for market and canning. Late.

BLACK TARTARIAN—Fruit very large; bright purplish black; tender, rich and delicious. Tree a very upright grower and productive; most popular of the black cherries.

GOVERNOR WOOD—Very large; rich yellow, with a red cheek; juicy and sweet.

MAY DUKE—Large; dark red; juicy and rich; an old, excellent variety.

PRUNES

Price, four to six feet, 25c each; $2.00 for 10.

FRENCH (Petit d'Agen, Burgundy Prune)—The well-known variety so extensively planted for drying; medium size, egg shaped; violet purple; juicy, very sweet, rich and sugary; very prolific bearer.

GERMAN—The fruit of the true German prune is long, oval, and swollen on one side; skin purple, with a thick blue bloom; flesh firm, green, sweet, with a peculiar pleasant flavor; separates readily from the stone. September.

GIANT—Fruit is much larger than the Petite Prune, dark crimson color on yellow ground; flesh is sweet and of fine texture; makes a handsome dried prune; recommended as a good shipping and drying variety.

IMPERIAL—Very large, of a violet purple color, with dark blue bloom; flesh greenish yellow and exceedingly sweet; pit small. Ripens earlier than the French Prune and when dried is quite dark. The fruit when graded averages 20 to 30 to the pound.

ROBE DE SARGENT—Medium size, oval; skin deep purple, approaching black, and covered with a thick blue bloom; flesh greenish yellow, sweet and well flavored, sugary, rich and delicious, slightly adhering to the stone; a valuable drying and preserving variety.

SILVER PRUNE—A seedling of Coe's Golden Drop, which it much resembles. In the judgment of fruit experts it is entitled to rank with the best drying plums and prunes, because of its large size, handsome appearance and superior flavor.

SUGAR PRUNE—This is another of Luther Burbank's valuable productions, and is not only very much larger, but is regarded as much superior to the old French Prune. It is claimed by the producer to ripen twenty-eight days earlier than the French; that the fruit is four times as large; that it dries in half the time; that spring frosts do not affect the trees, and that it never fails to bear a full crop. The tree is a strong grower, producing heavy branches, and does not require the care demanded by the French. It is both early and prolific in bearing, and the fruit, when cured, is very large, attractive and of excellent quality.

NECTARINES

Price, four to five feet, 25c each. $2.00 for 10.

BOSTON—Very large and handsome; deep yellow, with a bright blush and mottles of red; flesh yellow to the stone; sweet, with a pleasant and peculiar flavor; freestone.

NEW, WHITE—Large; white; nearly round; flesh white, tender, very juicy, with a rich, vinous flavor; stone small, and separates freely. August.

PEACHES

Price, three to five feet, 25c each; $2.00 for 10.

ALEXANDER—Generally considered to be the best very early freestone; medium to large size; greenish white, nearly covered with a deep, rich red; very juicy, sweet, and of good quality; valuable as an early market sort.

EARLY CRAWFORD—A magnificent, large, yellow peach of good quality. Its size, beauty and productiveness make it one of the most popular varieties.

HALE'S EARLY—Medium size, and nearly round; skin greenish, mostly covered with red when ripe; flesh white, melting, juicy, rich, sweet.

MUIR—Fruit large to very large; decided freestone; fine shipper, and regarded the best of all canning peaches. It requires but little sugar, and many pronounce it sweet enough without any. As a drying peach it exceeds all others ever introduced into the market.

SELLERS'—A variety of Orange Cling of the largest size; thin fine yellow, with a dark red cheek; flesh yellow, firm, very juicy and rich; a very desirable sort for canning.

STRAWBERRY—Medium oval; skin white, almost wholly marbled with deep red; flesh whitish, juicy, rich and delicate; tree healthy.

LEVY CLING—About medium size; yellow flesh, red cheek; late; good for canning.

LEMON—A very large and beautiful lemon-shaped cling; skin fine, yellow; flesh firm, yellow, with a rich, sprightly, vinous, subacid flavor.

FIGS

Price, three to four feet, 25c each; $2.00 for 10.

BLACK CALIFORNIA—Large; dark purple; very productive.

WHITE ADRIATIC—This variety takes the lead of all figs planted in California, and has of late years proved the most profitable fig grown. The best dried figs have been produced from this variety. Tree a strong and healthy grower; fruit about medium size; skin white and thin; pulp red, exceedingly aromatic, and changes to amber color when dried.

APRICOTS

Price, three to five feet, 25c each; $2.00 for ten.

BLENHEIM—Large oval; flesh full to the pit; yellow; rich and juicy; ripens evenly and soon after the Royal; regular and prolific bearer; profitable for canning, drying and marketing.

FRUIT TREES Continued

BRAGETTI'S FRENCH—Very large; good flavor; firm; ripens evenly on both sides; a good shipper; highly esteemed for canning; ripens with the Royal.

HEMSKIRK—Large, roundish, but considerably compressed, or flattened on its sides; orange with red cheek; flesh bright orange, tender; rather more juicy and sprightly than the Moorpark, with a rich and luscious plum-like flavor. July.

MOORPARK—Very large; reddish orange; juicy, rich and tender. August.

ROYAL—Large, oval, slightly compressed; yellow, with orange cheek, faintly tinged with red; flesh pale orange; firm and juicy, with a rich, vinous flavor; exceedingly productive. July.

ALMONDS

Price, three to five feet, 25c each; $2.00 for 10.

DRAKE'S SEEDLING—Shell soft; nut plump; hulls easily and does not need bleaching; an abundant bearer.

I. X. L.—Tree a sturdy, upright grower, with large leaves; nuts large; hulls easily; shells soft but perfect. It bears heavily and regularly. Highly recommended by all orchardists who have tried it.

NE PLUS ULTRA—Tree a rapid, upright grower; leaves rather large; a heavy and regular bearer; nuts large and very long in shape; soft shell; hulls free.

NONPAREIL—Of a weeping style of growth, smaller foliage than the I. X. L., but still forms a beautiful tree; an extraordinary heavy and regular bearer, with very thin shell, of the Paper-shell type. One of the best.

STRAWBERRY PLANTS

To cultivate the strawberry for family use, we recommend planting in beds four feet wide, with an alley two feet wide between the beds. These beds will accommodate three rows of plants, which may stand fifteen inches apart each way, and the outside row nine inches from the alley. The beds can be kept clean easier and the fruit gathered without setting feet upon them. The ground should be well prepared by digging or plowing at least ten or twelve inches deep, and be enriched with well rotted manure, ground bone, wood ashes, or any other good fertilizer.

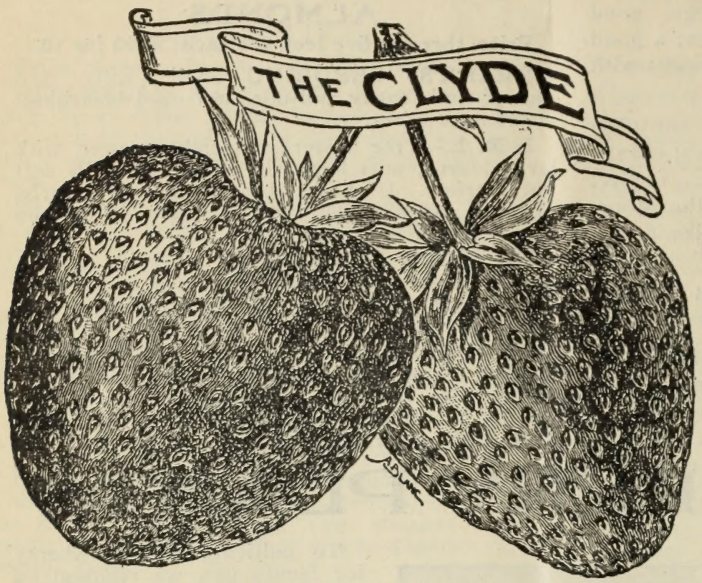
Price (except where noted).

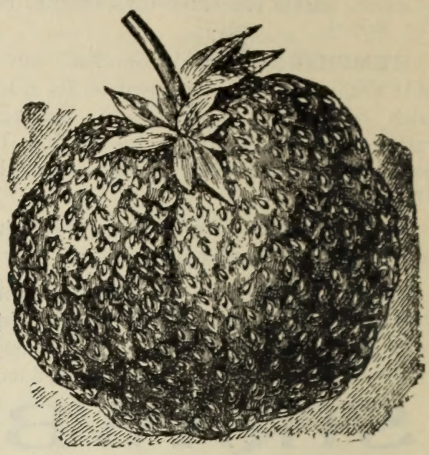
10	100	1000
25c	$1.50	$8.00

Varieties marked (Imp.) are imperfect in blossom and need at least every third or fourth row to be planted with some perfect or staminate sort. Those marked (per.) are especially good to use as staminates or to be grown alone.

BRANDYWINE (Per.) — Plant a luxuriant grower, healthy and hardy, and very productive. Blossom perfect. Fruit very large, of good form, bright red all over, and of good quality. Season, medium to very late. It succeeds on any soil.

STRAWBERRY PLANTS Continued





Rough Rider.

CLYDE (Per.)—A perfect bloomer and very strong grower, making heavy crowns; long roots; numerous runners; berries large to very large, conic, bright scarlet, firm; season early to quite late; **immensely productive.**

DOLLAR (Per.)—Very early, large size, crimson in color, and possesses an exquisite flavor; a fine shipper. It is grown extensively in Placer County, Cal.; is a beautiful grower, with heavy, dark green leaves, which protect the blossoms from frosts and late spring rains. It yields a large second crop in many localities, and is enormously productive.

EXCELSIOR (Per.)—Berries large, long, conical, or pointed round, conical in form and a bright scarlet in color. The flesh is bright, juicy; of fair quality and firm. Plants vigorous and healthy in growth and foliage; ripens early and is very productive.

LADY THOMPSON (Per.)—Early, very productive; large, firm and fine flavor. A valuable market variety. The plant is a strong, vigorous grower, with healthy, green foliage, deep-rooted and very prolific.

GANDY (Per.)—A cross between Jersey Queen and Glendale, combining the size, beauty, high quality, firmness, vigor and lateness of these two excellent varieties. It has perfect blossoms, is prolific in bearing, and in vigor and growth has no superior.

DOLE (Per.)—This is a veritable curiosity and wonder in the Strawberry world. It averages in size one-third larger than the Marshal, which is acknowledged the giant among strawberries of the present day. It is very stout and robust in habit with bold, heavy foliage, which stands about one foot in height. It is a strong staminate sort. The fruits are of fiery brilliant crimson in color, while the size of the fruit is absolutely astonishing. All berries are large—no small ones; the average yield is two quarts of fruit to a plant; berries are very firm, oblong in shape and ripen with the Gandy Strawberry. It is as sweet and deliciously flavored as our best wild strawberries.

Price—50c per 10; $3.00 per 100.

ROUGH RIDER (Per.)—Originated in Oswego County, New York. A seedling of Eureka, fertilized by Gandy. It is a good runner and enormously productive. Berries very large, color dark red like Gandy. What makes it especially valuable is its extreme firmness, which enables the grower to ship to very distant mark ts. It is also a late berry, which taken in connection with its great size and attractive appearance cannot fail to make it one of the most valuable varieties grown.

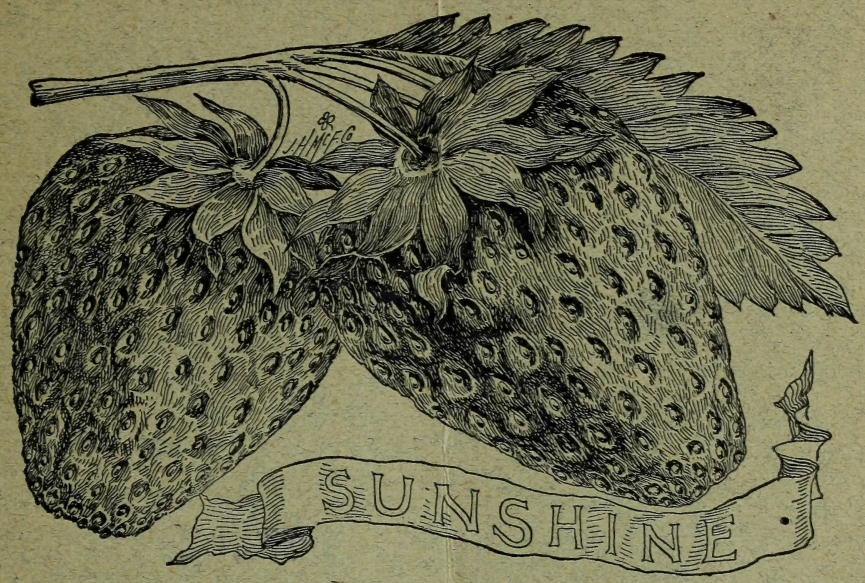
Price, 50c. per 10; $3.00 per 100

GLOVER STRAWBERRY (Per.)—This is the great market strawberry of Colorado and occupies the same position there in the strawberry world that the Dollar berry does in California. It is a heavy wedge-shaped berry much larger than the Sharpless, and has a heavy dark green foliage. It is extremely stout and vigorous in growth. An enormous cropper of the largest-sized berries; everbearing in California; season medium.

Price—50c per 10; $3.00 per 100.

MALINDA (Per.)—A fine variety which originated in Pajaro Valley. Plants are good growers; long-lived; make but few runners; staminate, and exceedingly prolific; berries of good size, firm, of a dark red color.

LONGWORTH'S PROLIFIC (Per.)—An old popular variety; as a market berry, still profitable on heavy soils.



SUNSHINE—This is the great, late, fancy market Strawberry. The plant is healthy, strong, free-running, with pistillate flowers and a marvelous yield. It produces from five to seven times as many quarts as Gandy grown close beside it in our field. The berries are of fine size, bright color, high quality and great firmness. They ripen evenly to rich scarlet, with no white tops, and the flesh is red, sweet, and luscious all through. They start to market big and bonny, and get there as fine as silk. It makes your mouth water just to look at them, and the buyers walk right up and pay big prices. During the season of 1899 Sunshine Berries brought 18 cents a quart, when the best Gandies sold for only 10 and 12 cents. These practical market tests are the truest. Every grower knows what good money there is in late Strawberries of extra size and fine appearance.

Price, 50 cts. per 10; $3.00 per 100

MAMMOTH BLACKBERRY

The Mammoth, in growth and vine, is entirely unlike any other Blackberry plant known. The canes are exceedingly large, and when exposed to the sun a deep red color; is a rampant grower, trailing upon the ground, and under favorable conditions will make a growth of twenty feet or more in one season; the foliage is large and thick, of a deep green color; the plants are wonderfully productive and exceedingly early; fruit ripening three weeks before the other cultivated kinds. The fruit is enormously large, some specimens measuring from 2¼ to 2½ inches long; the very largest Blackberry known to the world. The globules are large, seed small, soft and not very abundant, core quite small and very soft. The flavor is a decided improvement on any known variety of blackberry, the acid flavor so pronounced in all other kinds is very mild and pleasant, and when fully ripe is quite sweet. This berry in size and delicious flavor will eclipse any blackberry heretofore produced.

It is advisable in planting the Mammoth Blackberry plants that they be given plenty of room. If grown upon a trellis, which is by far the best, the rows should not be less than nine or ten feet apart, and the plants six or eight feet in the rows. 1-year-old plants, 15c each; per 10, $1.00.

See Illustration of Mammoth Blackberry on next page.

MAMMOTH BLACKBERRY—For description see other side of this page.

Trumbull & Beebe, 419-421 Sansome St., S. F.
